Mr. Yukinori Nemoto, Member of the House of Representatives

I wrote a letter to Mr. Nemoto at the end of last year. I sent an email to the dentists of the International Academy of Gnathology American Section and the USC School of Dentistry at the beginning of the year in January. Did they like the article posted on my web site? I did not receive any response from them, but I did send out a letter like a survey to those whose names I had included in that article. I then asked them to send their responses to Dr. Nemoto. Will this project really come to fruition? I do not know, but if it is going to happen, I would appreciate your consideration.
